

SEAN NIEL S. DIZON

Purok 3, Sto. Domingo, Vinzons, Camarines Norte | 0961-042-4462 | saynoseanniel@gmail.com

PROFESSIONAL SUMMARY

Information Technology graduate with experience in web and mobile development, documentation, data management, and office support. Proficient in Microsoft Office (Word, Excel, PowerPoint, Outlook) and skilled in React.js, Node.js, and Flutter. Maintains HotVibes, a live-creator platform with 8,000+ users. Strong in problem-solving, communication, and attention to detail. Civil Service eligible (Professional Level).

PROFESSIONAL EXPERIENCE

Freelance Developer | *Self-Employed*

June 2024 - Present

- Design and develop AI/ML-assisted, web, mobile, and IoT solutions for clients and personal products.
- Build responsive full-stack web applications using React.js, Node.js, Express.js, and MongoDB.
- Develop cross-platform mobile applications with Flutter and integrate REST APIs and backend services.
- Create IoT and embedded prototypes using ESP32, Arduino, and Raspberry Pi, including software-hardware integration.
- Provide troubleshooting, system optimization, and end-to-end technical support across project deliverables.

Notable Project

Full-Stack Developer

- HotVibes - Live creator platform (8,000+ users)
 1. Develop and maintain a platform where users subscribe or spend credits to unlock photos and videos.
 2. Built a full-stack creator marketplace (React, Express, PostgreSQL/Prisma) with role-based access for users, models, subadmins, and admins.
 3. Implemented paid access flows: model-specific credits, pay-per-view unlocks, VIP subscriptions, and admin payment/withdrawal review.
 4. Shipped video upload, storage, and HLS/MP4 playback, plus real-time features (Socket.io) and production deploys across a split frontend/API setup (Hostinger and Render).

Student Intern | *Local Government Unit of Talisay - Office of the Municipal Engineer*

February 2026 - May 2026

- Assisted in document processing, filing, encoding, and scanning of engineering-related records.
- Provided technical support and basic troubleshooting for office equipment and computer systems.
- Participated in field inspections and documentation of infrastructure projects in Talisay.
- Assisted in data management, report preparation, and office administrative tasks.

- Gained practical experience in government office operations, teamwork, and professional communication.

Web Developer | *Grand Eleva Prime Properties Co.*

June 2025 - August 2025

- Developed a web-based system for managing client and transaction records.
- Implemented features for adding, updating, and tracking client and property data.
- Built the frontend using React.js and the backend using Node.js and MongoDB.
- Ensured secure data handling and optimized database performance.
- Collaborated with stakeholders to gather requirements and deliver a user-friendly solution.

EDUCATION

Bachelor of Science in Information Technology

Camarines Norte State College | 2022 - 2026

Senior High School

Vinzons Pilot High School | 2020 - 2022

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Dart, Python, HTML, CSS

Frontend: React.js, Next.js, Vite, Tailwind CSS

Backend and APIs: Node.js, Express.js, Django, RESTful APIs, JWT Authentication, Socket.IO, Prisma, Redis

Mobile: Flutter (cross-platform mobile application development)

Databases: PostgreSQL, MongoDB, MySQL, SQLite, Firebase, Supabase

Media and Payments: HLS/MP4 playback, video upload and storage, VIP subscriptions, pay-per-view unlocks

Tools and Office Applications: Microsoft Office (Word, Excel, PowerPoint, Outlook), Git, GitHub, VS Code, Postman, Docker, Figma, Hostinger, Render

AI Development Tools: Cursor, ChatGPT, GitHub Copilot, and other AI-assisted development tools

Hardware and IoT: ESP32, Arduino, Raspberry Pi, microcontroller projects, software-hardware integration

Systems and Networking: Computer assembly, troubleshooting, and maintenance; Windows OS installation and configuration; LAN setup, IP addressing, cabling, and subnetting; router and switch configuration; system diagnostics and performance optimization

CERTIFICATIONS AND TRAINING

- TESDA Computer Systems Servicing (CSS) NC II - Trainee
- TOPCIT (Test of Practical Competency in IT) - Level 3 (June 2025)
- Civil Service Eligible (Professional Level) - March 2026
